

## Community Health Initiative / Prescription Assistance Program

- You are likely overpaying for your prescriptions even if you have a low insurance co-pay. The Epilepsy Foundation of Mississippi offers you the opportunity to purchase your prescription at the guaranteed lowest price by comparing your insurance co-pay price to a negotiated discount price through the Discount Drug Network (DDN). *Pricing examples are on the back of this page.*
- You are eligible to participate in this free program simply by presenting the card below to your pharmacist.
- This program is accepted at almost every pharmacy in the U.S.
- There is no cost to the patient and there is no patient information required to participate.
- Discounts are available to all participants regardless of current insurance status. (Insured, Uninsured, Medicare)
- All FDA approved brand name drugs and generics are covered by the plan.
- The program is HIPAA compliant requiring no patient data for participation.
- Generic drugs offer substantial savings over their brand equivalent. Ask your doctor if there is a generic drug alternative that provides you with the same medical benefit of the brand drug.
